# Contents

## No. 1 FEBRUARY 1964

| | Page |
|---|---|
| Course and prognosis of ulcerative colitis FELICITY C. EDWARDS and S. C. TRUELOVE | |
| Part III *Complications* | 1 |
| Part IV *Carcinoma of the colon* | 15 |
| Autoimmune serological studies in chronic gastritis and pernicious anaemia IAN R. MACKAY | 23 |
| Vitamin $B_{12}$ deficiency in chronic gastritis I. J. WOOD, M. RALSTON, B. UNGAR, and D. C. COWLING | 27 |
| Absorption of iron by gastrectomized rats J. S. W. WHITEHEAD and R. M. BANNERMAN with the technical assistance of J. HALFACREE | 38 |
| The first description of tropical sprue C. C. BOOTH | 45 |
| Small intestinal mucosal patterns of coeliac disease and idiopathic steatorrhoea seen in other situations R. R. W. TOWNLEY, M. H. CASS, and CHARLOTTE M. ANDERSON | 51 |
| Oestrogen metabolism and excretion in liver disease J. B. BROWN, G. P. CREAN, and JEAN GINSBURG | 56 |
| Jejunal mucosal appearances after total gastrectomy J. M. JOHNSTONE and F. J. ADAMS | 60 |
| The distribution of pyloric mucosa in partial gastrectomy specimens A. C. B. DEAN and M. K. MASON | 64 |
| A study of the role of proteinorrhoea (protein-losing gastro-enteropathy) in bilharzial hepatic fibrosis M. EL-SAYED and M. ESSAM FIKRY | 68 |
| Potentiation between Urecholine and gastrin extract and between Urecholine and histamine in the stimulations of Heidenhain pouches IAIN E. GILLESPIE and MORTON I. GROSSMAN | 71 |
| Appearances of the stools after the introduction of blood into the caecum R. G. LUKE, W. LEES, and J. RUDICK | 77 |
| Massive oesophagostomiasis of the colon J. E. JACQUES and J. B. LYNCH | 80 |
| Peptic ulcer, gastric secretion, and body build J. H. BARON | 83 |
| Pressure rupture and spontaneous perforation of the oesophagus DOUGLAS H. CLARK and H. I. TANKEL | 86 |
| Endoradiosonde study of propulsion and pressure activity induced by test meals, Prostigmine, and diphenoxylate in the small intestine F. BÁRÁNY and BERTIL JACOBSON | 90 |
| *Methods and techniques* | |
| The endomotorsonde G. VANTRAPPEN, J. D'HAENS, S. VERBEKE, and J. VANDENBROUCKE | 96 |
| Fluorescence microscopy in colonic exfoliative cytology D. J. OAKLAND | 99 |

## No. 2 APRIL 1964

| | Page |
|---|---|
| The constitution and properties of two gastrins extracted from hog antral mucosa R. A. GREGORY and HILDA J. TRACY | |
| Part I *The isolation of two gastrins from hog antral mucosa* | 103 |
| Part II *The properties of two gastrins isolated from hog antral mucosa* | 107 |
| Long survival after carcinoma of the stomach F. PYGOTT | 118 |
| Dietary factors in carcinoma of the stomach: A study of 100 cases and 200 controls E. D. ACHESON and R. DOLL | 126 |
| Multiple strictures of the jejunum J. HARROP SHOESMITH, G. T. TATE, and C. J. E. WRIGHT | 132 |
| Haemorrhage from the upper alimentary tract J. N. MACCAIG, S. L. STRANGE, and T. ST. M. NORRIS | 136 |
| The seasonal incidence of bleeding from the upper gastrointestinal tract M. J. S. LANGMAN | 142 |
| Functional histochemistry of the small bowel mucosa in malabsorptive syndromes H. M. SPIRO, M. I. FILIPE, J. S. STEWART, C. C. BOOTH, and A. G. E. PEARSE | 145 |
| The measurement of albumin leak into the gastrointestinal tract using $^{131}$I-albumin and ion exchange resin by mouth T. FREEMAN and A. H. GORDON | 155 |
| The measurement of gastrointestinal protein loss by $^{131}$I-labelled protein and resin KAI HØEDTRASSMUSSEN and EJVIND KEMP with the technical assistance of BODIL MØLLER-PETERSEN and LIS HANSEN | 158 |
| The permeation of gastric epithelial cells by leucocytes D. D. GIBBS | 160 |
| Chromatographic studies of the carbohydrate components of gastric and salivary mucopolysaccharides J. SCHRAGER | 166 |
| Erythrocytic galactose-1-phosphate uridyl transferase levels in hepatic cirrhosis M. M. FISHER, S. SPEAR, E. SAMOLS, and SHEILA SHERLOCK | 170 |
| The parathyroids, calcium and gastric secretion in man and the dog J. T. WARD, A. O. ADESOLA and R. B. WELBOURN | 173 |
| Leiomyoma of the duodenum as a cause of recurrent post-gastrectomy bleeding J. L. DAWSON | 184 |
| Steatorrhoea and diarrhoea after vagotomy: a comparison of drainage procedures HUME LOGAN | 188 |
| A simple device for exfoliative cytology of the stomach ARMANDO L. BASTOS and F. MADEIRA | 192 |
| An attempt to devise a skin test for regional enteritis R. C. SANDERS | 194 |
| The epidemiology of gastrointestinal cancer with special reference to causation | 196 |

## No. 3 JUNE 1964

| | Page |
|---|---|
| The intraluminal pressure patterns in diverticulosis of the colon NEIL STAMFORD PAINTER and S. C. TRUELOVE | |
| Part I *Resting patterns of pressure* | 201 |
| Part II *The effect of morphine* | 207 |
| Urolithiasis as a complication of the surgical treatment of ulcerative colitis Z. MARATKA and J. NEDBAL | 214 |
| Metabolic effects of partial gastrectomy with special reference to calcium and folic acid | |
| Part I *Changes in calcium metabolism and the bones* D. J. DELLER, M. D. BEGLEY, R. G. EDWARDS, and M. ADDISON | 218 |
| Part II *The contribution of folic acid deficiency to the anaemia* D. J. DELLER, R. N. IBBOTSON, and B. CROMPTON | 225 |
| Effect of aspirin on gastric secretion ANNETTE LYNCH, HELEN SHAW, and G. W. MILTON | 230 |
| The inhibitory effect of secretin on broth-stimulated gastric secretion in human subjects MARIO KAMIONKOWSKI, SEYMOUR GROSSMAN, and BERTRAM FLESHLER | 237 |
| The absorption of tritium-labelled pyridoxine HCl in control subjects and in patients with intestinal malabsorption M. C. BRAIN and C. C. BOOTH | 241 |
| Infant feeding in coeliac disease K. M. JONES, E. M. PRINGLE, K. B. TAYLOR, and W. F. YOUNG | 248 |
| A mucus-secreting villous adenoma of the rectum P. B. ROWE | 250 |
| Successful surgical removal of a hepatoma P. W. HOUGHTON | 253 |
| Mechanical intestinal obstruction in a young adult male with mucoviscidosis J. R. GARNHAM and T. R. G. CARTER | 256 |
| Reflux of duodenal contents in the pathogenesis of pancreatitis A. D. MCCUTCHEON | 260 |
| Sweat electrolytes in patients with gastro-duodenal disease R. L. TOZER | 266 |
| An attempt at presymptomatic diagnosis of gastric carcinoma in pernicious anaemia T. H. BOON, R. O. K. SCHADE, G. D. MIDDLETON, and M. F. REECE | 269 |
| *Methods and techniques* | |
| The use of Bisacodyl suppositories in preparation for sigmoidoscopy I. LYNN EVANS | 271 |
| Experiences with the use of interrupted carmine red and continuous chromium sesquioxide marking of human faeces with reference to calcium, phosphorus, and magnesium G. ALAN ROSE | 274 |
| British Society of Gastroenterology: 24th annual meeting | 280 |

## No. 4 AUGUST 1964

| | Page |
|---|---|
| Gastric epithelium in the duodenum A. H. JAMES | 285 |
| Studies on the mechanism of destruction of the toxic action of wheat gluten in coeliac disease by crude papain M. MESSER, CHARLOTTE M. ANDERSON, and LOIS HUBBARD | 295 |
| Sideroblastic anaemia in adult coeliac disease A. M. DAWSON, C. D. HOLDSWORTH, and C. S. PITCHER | 304 |
| Steatorrhoea in rats with an intestinal cul-de-sac P. P. HOET and H. EYSSEN | 309 |
| Reticulum cell sarcoma of the small bowel and steatorrhoea DOUGLAS EAKINS, TERENCE FULTON, and DAVID R. HADDEN | 315 |
| Further observations on the gastric secretory depressant in human gastric juice PETER B. ROWE, BARBARA H. FENTON, and DEBORAH BEESTON | 324 |
| Studies on gastrin K. S. LAI | |
| Part I *A method of biological assay on gastrin* | 327 |
| Part II *Quantitative study of the distribution of gastrin-like activity along the gut* | 334 |
| Part III *Gastrin-like activity in stomachs of patients with peptic ulceration and gastric carcinoma* | 337 |
| Inhibitory effect of secretin and cholecystokinin on Heidenhain pouch responses to gastrin extract and histamine IAIN E. GILLESPIE and MORTON I. GROSSMAN | 342 |
| On the use of tritium-labelled albumin for studies of intestinal absorption K. N. JEEJEEBHOY, J. H. STEWART, E. A. EVANS, and C. C. BOOTH | 346 |
| Exfoliative cytology and autoradiography using $^{32}P$ A. M. BAPTISTA, A. L. BASTOS, and M. E. SILVESTRE | 353 |
| Peptic ulcer in Assam S. L. MALHOTRA, C. T. MAJUMDAR, and P. C. BARDOLOI | 355 |
| Watery diarrhoea and an islet cell tumour W. HINDLE, D. J. MCBRIEN, and B. CREAMER | 359 |
| Superior mesenteric embolectomy G. L. BOHN and K. J. CARROLL | 363 |
| The intraluminal pressure patterns in diverticulosis of the colon NEIL STAMFORD PAINTER and S. C. TRUELOVE | |
| Part III *The effect of prostigmine* | 365 |
| Part IV *The effect of pethidine and probanthine* | 369 |
| Iron loading and the liver: the effect on regeneration after partial hepatectomy M. C. BRAIN | 374 |

## No. 5 OCTOBER 1964

Page

Dose response curves for the effect of gastrin II on acid gastric secretion in man G. M. MAKHLOUF, J. P. A. MCMANUS, and W. I. CARD ... 379

The absorption of radioactive vitamin $B_{12}$ and the secretion of hydrochloric acid in patients with atrophic gastritis M. G. WHITESIDE, D. L. MOLLIN, N. F. COGHILL, A. WYNN WILLIAMS, and BARBARA ANDERSON ... 385

Note on the late effect of vagotomy and pyloroplasty on the maximal acid response to histamine ALVIN M. GELB and HENRY D. JANOWITZ ... 400

Gastric ulcers, blood groups, and acid secretion H. DAINTREE JOHNSON, A. H. G. LOVE, N. C. ROGERS, and A. P. WYATT ... 402

Peptic ulcer in India and its aetiology S. L. MALHOTRA ... 412

Peptic ulcer and gastric secretion in patients with liver disease SOAD TABAQCHALI and A. M. DAWSON ... 417

Reduced gastric acid output in cirrhosis: Quantitation and relationships BRIAN A. SCOBIE and WILLIAM H. J. SUMMERSKILL ... 422

Spontaneous internal biliary fistulae J. L. A. DOWSE ... 429

Controlled trial of sulphasalazine in the treatment of ulcerati vecolitis A. P. DICK, M. J. GRAYSON, R. G. CARPENTER, and A. PETRIE ... 437

Motility of the pelvic colon

Part III *Motility responses in patients with symptoms following amoebic dysentery* A. M. CONNELL, M. GAAFER, M. A. HASSANEIN, and M. A. KHAYAL ... 443

Periampullary and duodenal carcinoid tumours KENNETH W. WARREN, WILLIAM M. MCDONALD, and C. J. HUME LOGAN ... 448

Experimental production of gastric epithelium in the duodenum J. RHODES ... 454

Hyperplasia of Brunner's glands J. F. STOKES, L. A. TURNBERG, and J. C. HAWKSLEY ... 459

Effect of paracetamol (N-acetyl-p-aminophenol) on gastrointestinal bleeding KERRY GOULSTON and ALAN SKYRING 463

Fixation of sulphur in the gut by bismuth salts J. T. WRIGHT and J. GUPTE ... 467

Some effects of hypophysectomy on gastrointestinal function and structure E. D. JACOBSON and T. J. MAGNANI with the technical assistance of E. B. MCCLASKEY and T. J. KALLAL ... 473

Hydrolysis of fat by human gastric juice S. BANK, L. H. KRUT, I. N. MARKS, N. BRONTE-STEWART, and P. J. LE R. UYS 480

*Methods and techniques*

Peritoneoscopy as an aid to diagnosis IVAN D. A. JOHNSTON and H. W. RODGERS ... 485

Experience of a new procedure for faecal analysis W. C. WATSON and CHRISTINE DICKSON ... 488

Gastroenterological Society of Australia ... 490

## No. 6 DECEMBER 1964

Page

Crohn's disease of the large intestine H. E. LOCKHART-MUMMERY and B. C. MORSON ... 493

Histology of Crohn's syndrome W. JONES WILLIAMS ... 510

Ileo-caecal granulomata F. D. LEE and A. D. ROY ... 517

Ileo-caecal tuberculosis J. S. HOWELL and P. J. KNAPTON ... 524

Distribution of histamine, 5-hydroxytryptamine, and other pharmacologically active substances in the human stomach J. G. MURRAY and J. H. WYLLIE ... 530

Mode of action of histamine in causing gastric secretion in man C. G. CLARK, V. JUNE CURNOW, J. G. MURRAY, F. O. STEPHENS, and J. H. WYLLIE ... 537

Gastric mucosal structure and function after vagotomy A. G. MELROSE, R. I. RUSSELL, and A. DICK ... 546

The gastric mucosa in radiologically negative acute gastrointestinal bleeding M. J. S. LANGMAN, J. H. HANSKY, R. A. B. DRURY, and F. AVERY JONES ... 550

Comparison of jejunal mucosa in post-gastrectomy states, idiopathic steatorrhoea, and controls using the dissecting microscope and conventional histological methods G. B. SCOTT, M. J. WILLIAMS, and C. G. CLARK ... 553

Leucine aminopeptidase in the pancreatic juice during ethionine pancreatitis KURT MÜLLER-WIELAND ... 563

Alterations of the enzyme output in ethionine pancreatitis KURT MÜLLER-WIELAND ... 567

Effect of acid in the duodenum on histamine-stimulated gastric secretion in man D. JOHNSTON and H. L. DUTHIE 573

Antacid therapy of peptic ulcer J. MYHILL and D. W. PIPER

Part I *A mathematical definition of an adequate dose* ... 581

Part II *An evaluation of antacids* in vitro ... 585

Perforated peptic ulcer in Israel S. LAZARUS ... 590

Local anaesthetics in the management of duodenal ulceration: A clinical trial of oxethazaine hydrochloride (Mucaine) ANTHONY H. GRABHAM ... 597

A trial of hypnosis in the management of recurrent mouth ulceration DEREK CHALMERS and WILFRED SIRCUS ... 599

An assessment of the diagnostic and prognostic value of serum vitamin $B_{12}$ levels in liver disease C. D. HOLDSWORTH, MICHAEL ATKINSON, J. A. DOSSETT, and R. HALL ... 601

Effect of cholecystectomy on the role of the gall bladder in fat absorption A. KRONDL, H. VAVŘINKOVÁ, and Č. MICHALEC ... 607

Index to volume 5 ... 611
